# DISCOVER, EXPLORE & ENJOY OUR VALLEY

The valley produces the finest deciduous fruit in South Africa. Also well-known for its fresh and dried fruit, fruit juices and natural spring water. The Ceres area is all but quiet. Here you can be adventurous. Be wild! Be daring!

Ceres is really a very special stop-over in South Africa. Here you get to experience amazing seasons with the most beautiful views. Ceres, although small, has more than enough local and nearby activities for people of all ages. The valley of Ceres, the Koue Bokkeveld and the open plains of the Tanqua Karoo were first inhabited by the San and Khoi, thousands of years ago.

During the winter months, the mountains are often covered in snow and the area has been referred to as Little Switzerland. The Ceres district consists of four diverse areas and each has its own unique charm and landscapes. Scenic mountain passes are the only gateways to the Ceres valley.
