## Dear Bridal Couple

We would like to thank you for your enquiry and would like to share our vision with you. We believe that it will help you in making important decisions concerning the planning of your wedding.

KALEO was born out of a dream and desire that has been cherished and pampered for many years. Today we are very thankful and privileged that our dream has come true. It is to entertain people from far and wide on our farm and to offer an all-in-one package to bridal couples.

In 2008 this piece of ground was bought. Kaleo Guest Farm was developed and created, with the help of our Holy Father, our own skilled team of farm workers and a collection of talented family and local people.

We understand how important your first day as husband and wife is and, therefore, we strive to manage your wedding day with professional care and personal attention. We pay attention to high standards in quality and detail. Therefore, it will be our privilege and great pleasure to be allowed to be a part of your precious memories.

May your footprints in Kaleo's mountains call you back again and again for unforgettable times together...

Our best wishes accompany you!

## WHERE IS KALEO?

Kaleo is a guest farm that belongs to Howbill Farming, 35km outside Ceres in the Koue Bokkeveld region. Howbill is a working fruit farm that cultivates apples and pears of export quality. The romantic, agricultural, chic and remote scenery that has a view over the enchanting mountains and orchards, makes Kaleo the most ideal wedding venue.

## ROUTE VIA CITRUSDAL

## WHAT DOES KALEO OFFER?

### STONE CHAPEL

Our lovely, intimate stone chapel can accommodate 130 guests, Kaleo's green lawns under established cool acorn trees, offers an alternative for an alfresco wedding during the warm months.

### RECEPTION HALL

The reception hall is within walking distance and opposite from the chapel. This lovely, modern area with its gorgeous crystal chandeliers, can accommodate between 160–200 people, depending on dance area space or not. We can also accommodate smaller, more intimate weddings by making use of wall partitions to make the reception area smaller, if preferred. Kaleo also makes use of a very good generator (on site) if there is a power-failure. Winter time we light the gas-heaters to warm the venue.

### VERANDA

The side-wing of the hall has glass doors that open on a veranda of approximately 20m x 8m. The veranda has a view of the green terrace that slopes to where it meets the green acorn trees. The tranquil country atmosphere and the blue mountains in the background, rounds off the beautiful scenery. When it gets dark and you see bright stars in the sky, it will definitely be part of your special memories.

It is here where canapés and drinks are served to the guests after the ceremony, while the bridal couple and photographer drive from one corner of the farm to the other, to capture the loveliest memories. In the winter, when the veranda's cold chases us inside, we serve the canapés and drinks in our stylish furnished lounge area. Here, everyone will quickly feel warm and at home around the pleasant fireplace. This area connects with an impressive modern bar, where a variety of drinks are offered to the guests.

### ACCOMMODATION

Sleeping facilities for everybody is definitely no problem. Kaleo Guest Farm offers a variety of self-catering accommodation:

- Several self-catering units and flats

- "Swemgat" for your pre-wedding braai and weekend

A list of alternative accommodation in the vicinity is attached. All accommodation will be reserved for the bridal couple, the moment when the deposit of the wedding is paid. Please see accommodation booking contract.
