

*Thornybush*  
**SASEKA**  
TENTED CAMP

# Thornybush Nature Reserve

---

Thornybush is one of the original nature reserves in the Greater Kruger National Park, with the first lodge opening its doors in 1961. Since then, the Thornybush group now operates lodges in both the Thornybush and Sabi Sand Private Nature Reserves.

Thornybush is a 14,000-hectare private nature reserve that shares a fenceless border with the famous Kruger National Park in South Africa. Big 5 encounters are the standout experiences for our guests, with visitors particularly impressed with the lion and leopard sightings. It is the vast diversity of wildlife, however, that has seen Thornybush emerge as a leading, world-class safari destination.

With our passionate and expert guide-and-tracker teams leading the way, our guests leave with a genuine understanding of our entire ecosystem and the enthralling cast of animals.

# Little Saseka

---

Situated on the same property of Saseka Tented Camp, lies this sole-use luxury villa. Saseka, the Tsonga word for beautiful, feels very much like a shining jewel in our Thornybush crown. Silvio Rech & Lesley Carstens Architecture and Design, who have been designing bush lodges for over 32 years and are leaders in their field were the visionaries who brought the dream of Saseka Tented Camp and now Little Saseka into reality, a lodge that has a strikingly unique layout and finds a superb balance between cutting-edge design, classical style and feeling connected to the outside environment.

Experience the ultimate intimacy of the Little Saseka. As a sole-use option, this space grants you the privacy of staying at your own lodge within the magnificent grounds of Saseka Tented Camp, overlooking the seasonal Monwana riverbed.

Embrace the privacy of this exclusive-use accommodation for your whole family or small group. Little Saseka can accommodate 2 people and 2 children as a sole use option, with an additional 4 people accommodated in the adjacent tent. You're able to experience the luxury of the bush in a prime setting.

## SATIB Insurance

---

24HR emergency call facility for:

- any medical emergency involving bodily injury to or life-threatening illness contracted by one of our guests or passengers
- guests or passengers experiencing any natural disaster, such as a flood or fire

## Africa Safe-T

---

All our lodges are affiliated with Africa Safe-T, a medical rescue organisation, which provides an immediate response for emergencies – fixed-wing planes and helicopters.

Arrangements can also be made should there be a need for a doctor. The closest doctor would be in Hoedspruit – a 50-minute drive. The cost will be charged to the guest's account.

## Travel Insurance

---

It is the Guests' sole and absolute responsibility to ensure that they have adequate and suitable comprehensive travel and medical insurance in place to cover themselves, as well as any dependents, or travelling companions. This insurance should include cover in respect of, but not limited to, the following eventualities: cancellation or curtailment of the booking, emergency evacuation expenses, medical expenses, hometown repatriation expenses, damage and/or theft / and/or loss of personal property, baggage, money, and goods.

Thornybush, its representatives, directors, officers, employees, and agents will not be responsible for any damage, loss, costs or expenses incurred or suffered by the guest, or guest's dependents or travelling companions, as a result of or in connection with any of the abovementioned events. Guests will be charged directly by the relevant service providers for any emergency services they may require and may find themselves in a position unable to access such services should they not be carrying the relevant insurance cover.

# FAQ's

---

## What is the weather like?

Daytime summer temperatures (September – April) are high and may soar above 36°C/97°F. Evenings and early mornings are warm. Winters (May – August) have chilly nights and crisp early mornings (minimum 3°C/38°F), but the days are fine and warm. Rainfall occurs predominantly in the summer months from October to April in the form of magnificent late afternoon/evening thundershowers.

---

## What should I pack for my stay?

The dress code is informal and neutral colours are recommended. A warm jacket/scarf and beanies for winter and evening safaris. Comfortable walking shoes, a bathing costume, binoculars, a camera, and a video camera. Sunhats, sunscreen, and sunglasses. A select range of safari clothing and amenities are available for purchase in our Curio Shops.

---

## Should I take Malaria Medication?

The lodges are situated in a low-risk malaria area. Precautions are taken annually to treat the lodges and minimize risk. We recommend you consult your medical practitioner on anti-malaria prophylactics.
