On your arrival at Dar es Salaam Airport, you'll be met by a friendly member of Foxes Safari Camps who will escort you to the Dar es Salaam hotel and help you check-in. Whether you'd like to explore the city or get some rest it's up to you, but tomorrow your real Tanzanian adventure begins!

DAY 2 | NYERERE NATIONAL PARK (SELOUS)

The following morning we'll pick you up from the hotel at 09:00 after breakfast and return to the airport for the Safari Air Link flight to Nyerere National Park (Selous).

Flight No 01 (times may vary with schedule requirements)

Departure Time: 10:30 Arrival Time 11:15

A guide from Rufiji River Camp will be at the airstrip waiting to greet you and take you on a game drive through the park before helping you check into your room.

In the afternoon you will go out and begin to explore Nyerere National Park (formerly known as Selous) with a game drive, before returning to camp at dusk - just in time to freshen up before drinks around the camp fire.

This huge conservation area is a World Heritage Site with the area north of the sprawling Rufiji River reserved for photographic safaris. The river is Tanzania's largest and consists of a myriad of wide-open water, lakes and channels - allowing us to offer the only boat safaris in Tanzania - in addition to the classic vehicle and walking safaris. Recently, this photographic region of Selous Game Reserve has been converted to a National Park called Nyerere, named after Tanzania's first elected president, Julius Nyerere, and is now Tanzania's largest national park.

The night before, the manager will have discussed the options for today's safaris. Here's what you would be able to choose from and turn your bucket list into a reality:

Nyerere National Park has the highest concentration of elephant of any one park in Tanzania and is estimated to have one third of all Tanzania's African Hunting Dog. The landscape is predominantly flat and covered with miombo trees. Lions and leopards join the Hunting dogs as prevalent predators in the reserve and there is a good variety of prey animals from wildebeest and buffalo to smaller animals like warthog and impala. The river supports a rich and varied bird life, the banks providing a nesting bank for the bee eaters and fishing grounds for Kingfishers.

An early walk or game drive brings you back in time for breakfast and the departure back to the airstrip for the onward flight to The Southern Highlands.

Flight No 02 (times may vary with schedule requirements)

Departure Time: 11:00 Arrival Time: 12:30

One of Mufindi Highlands Lodges hosts will greet you at the airstrip and take you on a journey through tea fields and local villages to Mufindi Highlands Lodge for check-in and a lovely lunch.

Arriving at the airstrip at the Southern Highlands you will notice the change in temperature as soon as you step out of the plane. At this higher altitude of 2000m the air is cool and refreshing after the dusty and more humid low lands. From the airstrip there is a drive of around 1 hour to the Highland Lodge, this takes you through planted pine forests to the village of Sawala the highest point in the Southern Highlands at 7000ft.

From here, you wind up and down through tea fields and natural montane forest which create a patchwork effect of light and dark green. The tea is still plucked manually in most areas as the slopes are very steep.

Mufindi is a place to relax, enjoy your surroundings or take some high altitude exercise. Walks are varied, or try horse riding, fishing, golf or tennis; (also croquet, badminton, boules, snooker, canoeing). A highlight for many is a trip around Igoda village, which is a cultural experience unlike any other. There is no other tourism in this area, and the development of many community projects in these villages has created a strong relationship between the Foxes and the villagers.

The Igoda Children's Village is a very happy place to visit where children orphaned by HIV/AIDS are cared for; the primary school are always very welcoming to visitors and the children enjoy nothing more than challenging guests to a game of the ubiquitous footie! Being a largely subsistence economy, many traditional methods are still practiced – pit sawing, brick making, basket weaving. The witch doctor is also still an influential member of the community using plants and herbs from the forest for many treatments.

During your stay at Mufindi Highlands Lodge, spend your time exploring the beautiful landscape, hiking through the rainforests and tea fields in the cool climate. In the afternoon perhaps choose one of the many activities on offer:

- **Horse riding**
- **Fly Fishing**
- **Canoeing**
- **Swimming**
- **Visiting the Farm Animals**
- **Lawn Sports (Tennis, Badminton, Bowels, Croquet)**

Spend a day on a tour around the local village, meeting the local communities and learning about what positive action has been done to help the HIV/AIDS epidemic.

DAY 8 | RUAHA NATIONAL PARK

After breakfast you will have the chance to enjoy one last activity before making your way to the airstrip for your flight to Ruaha National Park.

Flight No 02 (times may vary with schedule requirements)

Departure Time: 12:30 Arrival Time: 13:00

During your time staying at Ruaha River Lodge choose between half-day shared game drives or full-day with picnic lunch promising an action-packed day out in the unscripted Tanzanian bush.

Ruaha National Park is now Tanzania's second-largest Park and boasts a well-developed road network with plenty of different routes to explore. This magical place lies in the centre of the country in a convergence zone where northern and southern hemisphere birds and mammal species overlap, resulting in an overwhelming number of birds (530 recorded) plants (1400) and a large number of mammal species. The Great Ruaha River is the lifeline of the park as it is its only permanent water source.

A full day game drive along the river takes you over rocky kopjes, home to the Greater kudu, Roan antelope and elephant, and winds down along the river bank through open plains, perfect for cheetah, herds of buffalo, warthogs, jackals, bateared Foxes – the list is endless. The lion population here is now so large that they have gained film rights for their prowess at hunting Giraffe – which is not their traditional fare. The river banks are rich with birdlife, hippos and crocs. For the more adventurous, above the escarpment lives the more elusive Sable Antelope.

After breakfast you will have the chance to enjoy one final game drive through Ruaha National Park, as you slowly wind your way to the airstrip for your flight back to Dar es Salaam.

Flight No 03 (times may vary with schedule requirements)

Departure Time: 13:15 Arrival Time: 16:00
